COMMITTED TO
SERVANT LEADERSHIP

This biblically-based interactive workshop will empower you to effect change in your heart, leadership style, and ministry. As one student stated: *“I have been involved in Christian leadership for many years. Despite all my experience and education, this course challenged me to be more effective as a leader and to reflect the values of God’s kingdom.”*

In this interactive workshop we will explore:

- How worldview and culture impact your leadership
- How to discover your leadership style
- Kingdom leadership principles and how we can lead like Jesus

For more than 22 years, DAI (www.daintl.org) has been developing servant leaders around the world. In North America, DAI partners with churches, ministries, and networks to equip diaspora leaders to serve with integrity and effectiveness. This one-day workshop is an introduction to DAI's extended programs, some of which could be offered in the Philadelphia region if there is sufficient interest.
